OFFICE OF THE ASSISTANT DIRECTOR

February 8, 2017

An update from the Village of Cahokia Water and Sewer Department

Everyone sees the need for development and improvements above ground. However, most of us do not consider the development and improvements that are needed underground such as water lines and sewer mains.

The Village of Cahokia lies very close to the Mississippi River so when river levels rise and recede so does the ground water table, therefore impacting our water and sewer infrastructure.

The Village of Cahokia Water & Sewer Department is dedicated to the improvements of our water and sewer system.

Recently we have approved repairs to begin shortly at the following locations:

- 1) 127 Lazarcheff Dr
- 2) 1705 Andrews
- 3) Intersection of Andrews & St Christopher
- 4) 521 St Dorothy

On behalf of the employees in Water and Sewer Department, thank you for your patience and support!

Cordially,

Lynn Branson

Lynn Branson, Assistant Director
Village of Cahokia Water & Sewer Department
