OFFICE OF THE ASSISTANT DIRECTOR

April 3, 2019

Annual Update for 2018

First of all I would like to congratulate the employees in the office and field for their continuous dedication and commitment to providing quality water and sewer service to our customers. As I've stated numerous times before, I couldn't have asked for a better team!!! Thanks to all of you!

Although we didn't get to fix as many issues as we would have liked to, we were successful in receiving replacement vehicles which were badly needed. The Mayor was able to supply the Water & Sewer Department with three (3) new service trucks and a combination vactor and jet truck. These vehicles have truly enabled our department to move forward.

As far as repairs are concerned, there were a few earlier on in the year but the main ones are as follows:

- 1) 2/2/18: Repaired 26' of 12" concrete sewer main – 1112 & 1114 St Benedict
- 2) 4/24 – 4/27/18: Hanks Excavating made repairs 64' of 8" concrete sewer main – 1301 St Zita
- 3) 5/4–5/10/18: Hanks Excavating removed and replaced 337' of 12" sewer main between Cahokia & Kinder St
- 4) 12/27/18: Hanks Excavating repaired 20' section of 8" sewer main – 333 Rieber St

Since the beginning of 2019 the Water & Sewer department has continued delivering quality service to our customers as well as the community.

As always, on behalf of Mayor McCall and the staff at Village of Cahokia Water & Sewer Department thank you for being a valued customer. We're looking forward to a fantastic year!

Cordially,

Lynn Branson Matchingtouch

Lynn Branson Matchingtouch, Assistant Director
